Donna Stein-Harris
Executive Director
Home and Community Partnerships and Initiatives National
Safety Council
1121 Spring Lake Drive
Itasca, IL 60143-3201

Dear Ms. Stein-Harris:

This letter is to notify the National Safety Council of Murray State University's intent to participate in the Safe Communities International Program. Our university is committed to continuous improvement in all its safety and health initiatives, which helps to ensure that all individuals connected with the University are protected from harm in all aspects of their lives. We feel that the Safe Communities International Program's will only enhance our existing initiatives and help promote our future commitments in this area.

Murray State University is very pleased to be starting the process to become a part of the Safe Communities International Program, and we have formed a task force to guide us through the process. We hope to be able to forward our application in a few months. If additional information regarding either the University's commitment or its steering committee is necessary, please contact David Fender at dfender@murraystate.edu or (270) 809-6651.

Sincerely,

Don E. Robertson
Vice President for Student Affairs
