

# AN AFFILIATE SAFE COMMUNITY SUPPORT CENTRE

## AGREEMENT

between

**the WHO Collaborating Centre on  
Community Safety Promotion  
Karolinska Institutet  
Department of Public Health Sciences  
Division of Social Medicine**

and

**The Center for Injury Prevention and Community Safety Promotion  
Ajou University School of Medicine**

to

**jointly support the implementation of the ongoing worldwide programme on community safety promotion. This safe community concept covers the whole community including people in all age groups, all environments and all situations. The parties agree to document and evaluate their efforts and to actively spread their experiences nationally and internationally.**

**Suwon, Korea  
15 November 2004**
