Dear Mr. Svanström

**Re. Application to Become a Member of the International Safe Community Network”  
for International Designation as a Safe Community by the World Health  
Organisation Collaborating Centre on Community Safety Promotion**

On behalf of Broadland District Council and our community safety partners, I am writing to express our intent to submit an application seeking an International Designation as a Safe Community by the World Health Organisation.

Work has begun on the application to respond to the six indicators required for consideration for a designation for our community. I would be grateful for any further guidance on information Broadland will need to submit, in addition to the process to follow in seeking this designation.

Yours Sincerely,

**Colin Bland**  
Chief Executive
