Cuautitlán Izcalli

Cuautitlán Izcalli is one example of his ability to build agreements, involving citizens, Government, private sector, community-based organizations and civil society in general, in an act of shared responsibility for security. Through this certification, we are moving forward in the creation of local infrastructure, for the prevention of injury and promoting safety; Today we are going in the path of building a model of control and prevention of injuries and violence in the Izcallense population.

IT BENEFITS BRINGS WITH IT THE CERTIFICATION?

Certification of Cuautitlán Izcalli municipality in the State of Mexico as a safe community; brings as profit guarantee structure and infrastructure capacity for injury prevention and safety promotion, involving governments, the private sector, community-based organizations and civil society in general, in an act of shared responsibility for the security and the people of Cuautitlán Izcalli.
