COMMUNITY SAFETY PROMOTION

2004-11-03

## **”Site visit” to prospective members of the Safe Community Network**

The following matters shall be included in a ”Site visit”:

1. A meeting with the cross-sectional group that is responsible for the safety promotion in the community.
2. Field visit at the following safety activities (at least).
  - Children
  - School /youth
  - Elderly
  - Traffic
  - Surveillance
  - And/or other relevant activities.

Duration of visit: 1 - 2 days

3. The following requirements shall be fulfilled before the ”Site visit”.

An Application as a member of the Safe Community Network shall be sent at least 1 month before the scheduled site visit to the WHO CC on Community Safety Promotion.

A) The application shall include a report describing the safety promotion activities in the ”community”. (The ”Community” can either be a County, City, Municipality or a District) related to the 6 Safe Community Indicators (adopted May 2002, and replacing the earlier used 12 Criteria for the Safe Community program).

Send the application as a:

1) hard copy to:

Att: Moa Sundstrom, Co-ordinator

WHO Collaborating Centre on Community Safety Promotion

Karolinska Institutet, Department of Public Health Sciences, Division of Social Medicine, SE-171 76 Stockholm, Sweden.

2) and as a Word and pdf. file to E-mail:moa.sundstrom@smd.sll.se
