María Isabel Gutiérrez Martínez

CISALVA of the Universidad del Valle
CALI, Colombia.

Dear Ms María Isabel

The government of the state of Chiapas works hand in hand with the public and private sectors in an effort to join forces and implement necessary activities for the benefit of its citizens. For this reason the current administration considers it a priority to address the needs of the people in order to set the objectives toward which its activities are focused. Lic. Juan José Sabines Guerrero, Constitutional Governor of the state of Chiapas, in his role as the provider of public services and the directional force behind the processes focused upon the development and harmonious coexistence of society, strategically plans his activities based upon real needs required by the people, in terms of security and public services.

This government has worked very closely with the Asociación Nacional de Consejos de Participación Cívica, A.C. (National Association of Councils of Civic Participation, A.C.), in seminars for promoting citizenship, security, media development, law enforcement, and Human Rights; for this reason, and based upon the principle that all human beings are equally entitled to enjoy good health and personal safety, this government supports and contributes to the needs of society and opens its doors to begin the process for the certification of Tuxtla Gutiérrez, Chiapas as a Safe Community by the CISALVA Institute of the Universidad del Valle in Cali, Colombia, which you so capably direct.

The abovementioned points are based upon the excellent conditions fostered by the city of Tuxtla Gutiérrez through the wide range of established programs and the success that has been generated as a result of active civic involvement through various government entities, and which promote equal opportunities for accessing available options in the areas of health, education, culture, sports, recreation, security, and justice.

We are certain that the people will be successful and will demonstrate that together great results can be achieved. I thank you most respectfully in advance.

kindest regards,

LIC. RACIEL LOPEZ SALAZAR
ATTORNEY GENERAL OF THE JUSTICE OF THE STATE OF CHIAPAS
